## Exhibition Guide

Burgh House,

Thursday 17 July – Sunday 21 September

Royal Society of  
**SCULPTORS**

## Summer Show 2025

The Summer Show has been selected and curated by Polly Bielecka, Gallery Director, Pangolin London Sculpture Gallery and the theme she has selected for the show is 'Sculpture in the Home'

About her choice of theme for the Summer Show 2025, Polly says:

*'Given the unusual location of this year's show, Burgh House, a beautiful 18th Century Queen Anne Style Home built in 1704 in the middle of Hampstead, the exhibition takes as its inspiration the innovative series of Post War touring exhibitions organised by the Arts Council under the title 'Sculpture in the Home'. These exhibitions explored and celebrated the important role sculpture plays in a domestic environment.'*
